

Payments Platform

Galileo’s sophisticated API-based, enterprise payments platform supports innovation without limitation—with power, speed and simplicity.

Our fully integrated platform is architected for flexibility and customization, not silos.

Combine any of our industry-leading solutions and services to take your fintech and payments programs anywhere you want to go.

In whatever way you choose to combine Galileo solutions and services, you can be confident in our platform’s ability to handle the flow of funds with speed and precision—so your customers’ money always gets to the right place at the right time and your settlement process is smooth and seamless.

You also can count on our quality, security and process—which permeate every aspect of our platform—and our commitment to accountability through continual internal and external auditing.

Power. Speed. Simplicity.
